1. Project ka Parichay

Subham General Store ek **dual grocery marketplace** hai — yaani ek hi platform par **do tarah ki bikri** hoti hai:

Prakaar	Hindi Naam	Vivaran
Retail	Footkar	Aam grahak ke liye — chhoti matra me saaman, aam (retail) daam par
Wholesale	Thok	Dukandar / bade khareedar ke liye — bulk me saaman, kam (thok) daam par

Platform me ek **customer-facing online store** hai (jahan log saaman khareedte hain) aur **chaar alag-alag admin portals** hain (CMS, CRM, HRM, EMP) jinse poora business sambhala jaata hai.

Mukhya Visheshtaayein (Key Highlights)

- Dual pricing — ek hi product retail aur wholesale dono daam par
- CMS se control hone wala homepage (image upload ke saath)
- Grahak approval system — naya grahak register karta hai, admin approve karta hai, tabhi login hota hai

- Ledger / Khata (jama-baaki) — udhaar ka paardarshi (transparent) hisaab, grahak aur admin dono ko dikhe
- Order tracking — har order ka status date-time ke saath
- CRM se grahak ko quotation / invoice bhejna — subject + message ke saath
- Poora system mobile + desktop dono par responsive

2. System Architecture

Do Mukhya Hisse

Hissa	Folder	Port	Kaam
Frontend	`website`	3000	Website + saare admin panels (Next.js)
Backend	`backend`	5000	API + Database connection (Express)

Database

- **MongoDB Atlas** (cloud database)
- Har portal ke alag collections — jaise `crm_`, store ke alag, HRM ke alag

Suraksha (Security)

- Har portal ka alag **JWT token secret** — ek portal ka token doosre me nahi chalta (portal isolation)
- Password **hashed** form me store hote hain (bcrypt)
- Role-based access control (RBAC) — kaun kya kar sakta hai, role se tay hota hai

3. User ke Prakaar (Roles)

Role	Kahan Login	Kya Kar Sakta Hai
Customer (Grahak)	Store	Saaman khareedna, order, khata dekhna, quotation/invoice dekhna
Superadmin	CMS	Sab kuch — full access
Admin	CMS	Content + store management
CRM Owner / Manager	CRM	Client, quotation, invoice, payment, ledger
CRM Accountant	CRM	Finance — invoice, payment dekhna
HR Admin	HRM	Employee, attendance, payroll, leave
Employee (Karmchari)	EMP	Apni attendance, salary slip, leave, task

4. Module Suchi — Ek Nazar Me

#	Module	Submodule (Mukhya Pages)
1	**Store Website**	Homepage, Products, Categories, Cart, Checkout

#	Module	Submodule (Mukhya Pages)
2	**Customer Account**	Profile, Orders, Order Tracking, Quotations, Invoices, Addresses, Wishlist, Khata
3	**CMS Admin**	Dashboard, Homepage Editor, Products, Categories, Orders, Customers, Ledger, Sent Documents, Enquiries, Logs, Users
4	**CRM Portal**	Dashboard, Clients, Projects, Quotations, Invoices, Payments, Proposals, Ledger, Follow-ups, Reports, Settings
5	**HRM Portal**	Dashboard, Employees, Attendance, Leaves, Payroll, Departments, Holidays, Reports, Announcements
6	**EMP Portal**	Dashboard, Attendance, Salary, Leaves, Tasks, Team, Profile

5. Module 1: Store Website

Ye wo hissa hai jo aam grahak dekhta hai — grocery khareedne ke liye.

Submodule 1.1: Homepage

- **Vivaran:** Store ka mukhya pehla page. Poora **CMS se control** hota hai — admin hero image, offer banner, text sab badal sakta hai.
- **Mini-module:**
- Hero Section (badi image + heading)
- Offer Banners (special deals)
- Category highlights (shop by category)
- Featured products (chuninda saaman)
- Why Choose Us (hamari khaasiyat)
- Testimonials (grahak ki rai)

Submodule 1.2: Products (Saaman)

- **Vivaran:** Saare products ki list, search aur filter ke saath.
- **Mini-module:**
- Product listing (grid me saaman)
- Product detail page (ek saaman ki poori jankari)
- **Dual pricing** — retail grahak ko footkar daam, approved wholesale grahak ko thok daam
- Add to Cart (login zaroori — bina login cart me add karne par login page khulta hai)

Submodule 1.3: Categories (Shreniyaan)

- **Vivaran:** Saaman ko shreni ke hisaab se dekhna — jaise Vegetables, Fruits, Dairy, Snacks, Beverages, Staples.
- **Mini-module:** Category page + us category ke products

Submodule 1.4: Cart (Tokri)

- **Vivaran:** Jo saaman grahak ne chuna, uski list + total daam.
- **Mini-module:** Quantity badalna, saaman hatana, total dekhna, checkout par jana

Submodule 1.5: Checkout

- **Vivaran:** Order final karna — pata (address) + payment tarika chunna.
- **Mini-module:** Delivery address, payment method (COD / online), order confirm

Submodule 1.6: Policy Pages (Niyam)

- **Vivaran:** Grahak ki jankari ke liye niyam-shartein.
- **Mini-module:**
- Privacy Policy (gopniyta niti)
- Terms & Conditions (niyam-shartein)
- Return & Refund Policy (vapasi niti)
- **Footer** me in sabke link + Subham General Store branding

6. Module 2: Customer Account

Login kiye hue grahak ka personal area.

Submodule 2.1: My Profile (Mera Khata)

- **Vivaran:** Grahak ki jankari — naam, email, phone, account type (retail/wholesale).
- **Mini-module:** Profile edit, stats (total orders, total spent)

Submodule 2.2: My Orders (Mere Order)

- **Vivaran:** Grahak ke saare order — status filter ke saath (Placed, Processing, Shipped, Delivered, Cancelled).

Submodule 2.3: Order Tracking (Order ka Track)

- **Vivaran:** Ek order kis stage par hai, yeh visual progress bar me dikhta hai.
- **Mini-module:**
- Progress tracker (Placed → Confirmed → Processing → Shipped → Out for Delivery → Delivered)
- **Tracking Updates timeline** — har update date + time + admin ka note ke saath
- Tracking number + estimated delivery date
- Cancel order (sirf early stage par)

Submodule 2.4: My Quotations (Mere Quotation)

- **Vivaran:** CRM se bheje gaye quotation yahan dikhte hain (sirf jab send kiye gaye hon).
- **Mini-module:**
- Quotation list (number, date, status, total)
- Store ka message (subject + description)
- **View & Download PDF** — poora quotation A4 PDF me

Submodule 2.5: My Invoices (Mere Invoice)

- **Vivaran:** CRM se bheje gaye invoice — paid / due balance ke saath.
- **Mini-module:**
- Invoice list (number, date, due date, status, total)
- Paid / Balance Due dikhata hai
- **View & Download PDF**

Submodule 2.6: Addresses (Pate)

- **Vivaran:** Grahak ke delivery pate — add, edit, delete, default set karna.
- **Mini-module:** Multiple address (Home / Work / Shop), default address

Submodule 2.7: Wishlist (Pasand ki Suchi)

- **Vivaran:** Grahak ke save kiye hue pasandida saaman.

Submodule 2.8: Khata / Ledger (sirf Wholesale)

- **Vivaran:** Wholesale grahak ka udhaar ka hisaab — jama (jo diya) aur baaki (jo bacha).
- **Mini-module:** Har entry date-time ke saath, running balance

7. Module 3: CMS Admin Panel

Content aur store ko manage karne wala panel (Superadmin / Admin).

Submodule 3.1: Dashboard

- **Vivaran:** Mukhya aankde — total orders, customers, revenue, pending.

Submodule 3.2: Store Homepage Editor

- **Vivaran:** Homepage ka saara content yahan se badalta hai — image upload ke saath.
- **Mini-module:** Hero slide, offer banner, text — sab editable

Submodule 3.3: Products (Saaman)

- **Vivaran:** Products add / edit / delete — retail daam, wholesale daam, stock, image.
- **Mini-module:** Dual pricing set karna, MOQ (minimum order quantity), stock manage

Submodule 3.4: Grocery Categories

- **Vivaran:** Shreniyaan banana aur manage karna.

Submodule 3.5: Orders (Order Management)

- **Vivaran:** Saare orders dekhna + **status update karna** (jisse grahak ko tracking dikhe).
- **Mini-module:**
- Order list (retail / wholesale filter)
- Status change + **note + tracking number + delivery date**
- **Tracking history timeline** — har update ka record
- Order detail (customer, address, items)

Submodule 3.6: Customers (Grahak)

- **Vivaran:** Saare grahak + approval + khata management.

- **Mini-module:**
- Customer list (retail / wholesale / pending approval)
- **Approve / Reject** naye grahak
- Customer detail + uska ledger + orders

Submodule 3.7: Ledger / Khata

- **Vivaran:** Wholesale grahkon ka udhaar overview — kiska kitna baaki hai.

Submodule 3.8: Sent Documents (Bheje Gaye Dastavez)

- **Vivaran:** CRM se grahkon ko bheje gaye saare quotation + invoice ka record — sirf Superadmin / Admin ko dikhta hai.
- **Mini-module:**
- List — type (quotation/invoice), number, customer, subject, amount, kab bheja, kisne bheja
- Detail drawer — poora subject + message

Submodule 3.9: Enquiries (Puchhtaach)

- **Vivaran:** Website se aayi puchhtaach / sampark.

Submodule 3.10: Activity Logs

- **Vivaran:** System me kya-kya hua, uska record.

Submodule 3.11: Admin Users

- **Vivaran:** Admin users manage karna (role ke saath).

8. Module 4: CRM Portal

Client aur bikri ka prabandhan (Owner / Manager / Accountant).

Submodule 4.1: Dashboard

- **Vivaran:** CRM ke mukhya aankde — clients, revenue, pending invoices.

Submodule 4.2: Clients (Grahak/Firm)

- **Vivaran:** Business clients ki jankari.

Submodule 4.3: Projects

- **Vivaran:** Har client ke project / kaam.

Submodule 4.4: Quotations (Bhav-Patra)

- **Vivaran:** Grahak ko bhejne ke liye daam ka quotation.
- **Mini-module:**
- Line items (saaman + qty + rate), GST, discount, grand total
- **Link to Store Customer** — kisi store grahak se jodna
- **Send to Customer** — subject + message ke saath bhejna
- PDF download / print

Submodule 4.5: Invoices (Bill)

- **Vivaran:** Pakka bill — GST ke saath.
- **Mini-module:**
- Line items, GST, paid / balance due
- **Link to Store Customer**
- **Send to Customer** (subject + message)
- PDF download / print

Submodule 4.6: Payments

- **Vivaran:** Invoice ke against payment record karna.

Submodule 4.7: Proposals

- **Vivaran:** Grahak ko prastaav (proposal) bhejna.

Submodule 4.8: Ledger / Khata (CRM)

- **Vivaran:** Client ka jama-baaki hisaab — note, date-time, saaman, quantity, unit, rate (optional) ke saath.
- **Mini-module:** Add client, add entry (jama / baaki), running balance

Submodule 4.9: Follow-ups

- **Vivaran:** Client se dobara sampark ke reminder.

Submodule 4.10: Reports

- **Vivaran:** Bikri / revenue ki report (CSV export).

Submodule 4.11: Settings

- **Vivaran:** Company details, bank details, GST defaults, prefix.

9. Module 5: HRM Portal

Human Resource prabandhan (HR Admin).

Submodule	Vivaran
Dashboard	HR ke mukhya aankde
Employees	Karmchari list + detail + onboarding
Attendance	Haaziri record
Leaves	Chhutti ke aavedan manzoori
Payroll	Salary / payslip
Departments	Vibhag
Holidays	Chhutti calendar
Announcements	Suchnaayein
Reports	HR report
Pending Users	Naye HR user ki manzoori
Settings	HRM settings

10. Module 6: EMP Portal (Karmchari Self-Service)

Karmchari apne liye (Employee).

Submodule	Vivaran
Dashboard	Karmchari ka mukhya page
Attendance	Apni haaziri lagana / dekhna
Salary	Apni salary slip
Leaves	Chhutti ka aavedan
Tasks	Apne kaam / task
Team	Apni team
Profile	Apni jankari
Announcements	Company suchnaayein

11. Business Flow (Vyapaar Prakriya)

A. Retail (Footkar) Bikri ka Flow

```
Grahak register karta hai
        ↓
Admin approve karta hai (CMS)
        ↓
Grahak login karta hai
        ↓
Saaman dekhta hai → Cart me daalta hai → Checkout
        ↓
Order ban jaata hai (status: Placed)
        ↓
Admin order status badalta hai (Processing → Shipped → Delivered)
        ↓
Grahak apne account me tracking dekhta hai
```

B. Wholesale (Thok) Bikri ka Flow

```
Dukandar wholesale account register karta hai (business details ke saath)
        ↓
Admin approve karta hai + credit limit set karta hai
        ↓
Dukandar login → thok daam par bulk order
        ↓
Udhaar (COD) order → Ledger me "baaki" entry auto ban jaati hai
        ↓
Jab payment aata hai → Ledger me "jama" entry → balance kam
```

C. Quotation / Invoice ka Flow (CRM se Customer tak)

```
CRM me quotation / invoice banta hai
        ↓
Usme "Link to Store Customer" se grahak chuna jaata hai
        ↓
"Send to Customer" — subject + message likhkar bheja jaata hai
        ↓
Grahak ke account me "My Quotations / My Invoices" me dikhta hai
        ↓
Grahak PDF download / view kar sakta hai
        ↓
Superadmin / Admin ko CMS "Sent Documents" me record dikhta hai
```

12. User Flow (Grahak Yatra)

Naye Grahak ki Yatra

1. Website par aata hai → saaman dekhta hai (bina login)
2. Cart me daalne ya khareedne ke liye → **login page** khulta hai
3. Register karta hai (retail ya wholesale chunta hai)
4. **Admin approval ka intezaar** — bina approve login nahi hoga
5. Approve hone ke baad → login → order
6. Order ke baad → account me tracking dekhta hai

Purane (Approved) Grahak ki Yatra

1. Login → saaman → cart → checkout → order
2. My Orders me tracking
3. My Quotations / My Invoices — agar CRM ne kuch bheja ho
4. Khata (wholesale) — apna udhaar balance

13. Khaas Feature: Order Tracking

- Har order me **8 stage** possible hain: Placed, Confirmed, Processing, Shipped, Out for Delivery, Delivered, Cancelled, Returned
- **Admin side (CMS):** status badalta hai + note + tracking number + delivery date deta hai
- **System** har change ko date-time + note ke saath **statusHistory** me save karta hai
- **Customer side:** visual progress bar + "Tracking Updates" timeline — grahak ko saaf dikhta hai "kya hua, kab hua"
- Ek hi record dono taraf dikhta hai (shared)

14. Khaas Feature: Ledger / Khata

- **Do jagah:** Store (wholesale grahak) + CRM (business client)
- **Do tarah ki entry:**
- **Jama** — grahak ne jo paisa diya (balance kam karta hai)
- **Baaki** — grahak par jo udhaar hai (balance badhata hai)
- Har entry me: amount, note, date + time, saaman, quantity, unit, rate (optional)
- **Auto** — wholesale COD order par "baaki" entry, payment par "jama" entry
- **Paardarshi (transparent)** — grahak aur admin dono ko balance dikhta hai
- **RBAC** — sirf authorized log (owner/manager/accountant) entry daal sakte hain
- CRUD — add, edit, delete sab possible (permission ke saath)

15. Khaas Feature: Quotation / Invoice ka Customer Link

Kaise Kaam Karta Hai

1. **Link** — CRM me quotation/invoice banate waqt ek dropdown se store grahak chun sakte hain (ya "Not linked" rakh sakte hain)
2. **Send** — "Send to Customer" button se:

- **Subject** (zaroori)

- **Message** (grahak ko kuch kehna ho to)

1. **Visibility (dikhne ka niyam):**

- Agar grahak chuna + send kiya → grahak ke account me dikhega
- Agar grahak nahi chuna → kuch nahi dikhega
- Sirf **sent** dastavez hi grahak ko dikhte hain (sirf link karne se nahi)

1. **Dono taraf:** CRM me bhi dikhta hai, grahak ke account me bhi
2. **Download:** grahak PDF download / print kar sakta hai
3. **Admin record:** Superadmin / Admin ko CMS "Sent Documents" me poora record (subject, message, kab, kisne bheja)

> ***Note:*** *"Send to Customer" sirf CRM Owner / Manager kar sakte hain (RBAC).*

16. Login Credentials (Guptaniya)

> ***Confidential — sirf internal use ke liye***

Portal	URL	Email	Password
CMS Admin	/admin/login	admin@subhamstore.com	SubhamStore@2026
CRM	/crm/login	crm@subhamstore.com	CRM@Subham2026
HRM	/hrm/login	hrm@subhamstore.com	HRM@Subham2026
EMP	/emp/login	emp@subhamstore.com	EMP@Subham2026
Test Customer	/account/login	customer@subhamstore.com	Customer@2026

Database: MongoDB Atlas — Cluster `subhamgupta.lfaoxtc.mongodb.net`

17. Project Chalane ka Tarika

Zaroori: Do Terminal Chahiye

Terminal 1 — Backend (Port 5000)

```
cd backend
npm start
```

Terminal 2 — Frontend (Port 3000)

```
cd website
npm run dev
```

Mahatvapurna Baatein

- Backend ka code badalne par **backend restart zaroori** (Ctrl+C phir `npm start`)
- Frontend apne aap reload hota hai (hot reload)
- Pehli baar chalane se pehle `npm install` dono folder me
